

# Green Education Corner

- India is projected to create ~3.4 million green jobs by 2030, driven by climate action and sustainability policies.
- The growth of green jobs demands a future-ready, green-skilled workforce.
- Education today must prepare students to lead and thrive in a green economy tomorrow.

## What the Green Education Corner Offers:

- Pathways to green skills and emerging careers
- Sustainability-focused higher education options
- Future-ready courses and programmes
- Interaction with universities, experts, and green organisations
